Australian Select

The Evolution continues...

Proline Floors, an Australian owned company proudly presents Evolution Australian Select.

Building on our reputation as the leading designers of ultra realistic laminate flooring, Proline Floors once again have set the benchmark for timber alternative flooring.

Using cutting edge, breakthrough technology, Proline Floors have produced a floor that is so astonishingly realistic that even timber enthusiasts have commented that Australia Select is indistinguishable from the real timber.

Featuring Australia's only true square edged boards, SupaCoat Gloss Finish and glue sealed joints for added water resistance, our floors will provide you with years of trouble free use.

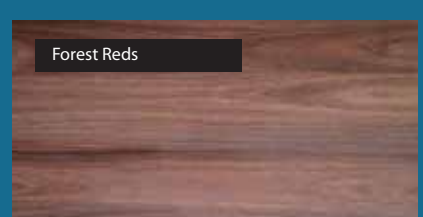

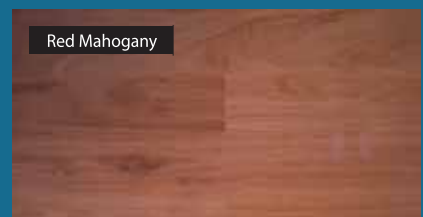

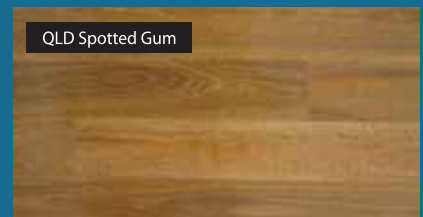

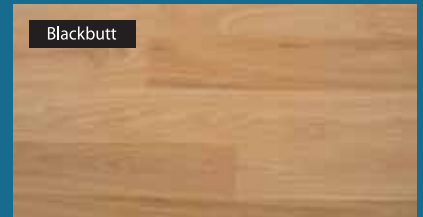

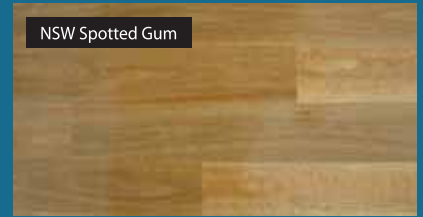

With a 25 Year domestic warranty, Proline Floors have recreated the timeless look of natural Australian hardwood flooring at truly affordable prices.
