European Oak Collection

NATURAL OAK

Selected from the Finest European Oaks.

The Hermitage Prestige Oak collection features a palette of 3 classic colours. All surfaces are premium grade French oak, brushed and lacquered with world renowned Klumpp lacquer in a stunning ultra-matt finish. These striking planks are an extra wide 220mm by 2200mm long, helping you create smooth, flowing interiors.

Available in a 14mm thickness with a 4mm oak top layer and combined with an engineered core board that resists warping and cupping, the Hermitage Prestige Oak flooring is designed for Australia's harsh climate.

Installation is a breeze with the Unifit click system. No longer do you need to use toxic

glues to install your beautiful new floor. Simply roll out our approved underlay and install your new floor directly over the top. No nails, no adhesives and best of all, planks can be replaced easily.

All Hermitage Prestige Oak floors are certified 'green' from our manufacturer, giving you peace of mind knowing that they are produced using sustainable forestry practices and are manufactured with the world's best environmental procedures.

Backed by a lifetime structural warranty and our industry-leading 25 year domestic wear warranty, there's guaranteed satisfaction for everybody with Hermitage Prestige Oaks.

Australian Timber Collection

AUSTRALIAN TIMBERS

Selected from the finest Australian Timbers, tailored to suit the modern Australian lifestyle and climate.

The Inspire Australiana Oak collection features a palette of 2 classic Australian colours.

Spotted Gum: The richly coloured planks that vary from mid to dark brown shades in Spotted Gum are authentic to the natural variation from the spotted gum tree.

Blackbutt: The soothing natural yellow hues of Blackbutt will add warmth to any space. Blackbutt typifies the great Australian coastal lifestyle.

All surfaces are lacquered with world renowned Klumpp lacquer in a stunning ultra-matt finish. These striking planks are 190mm wide by 1830mm long, helping you create smooth, flowing interiors.

Available in a 14mm thickness with a 3mm hardwood layer and combined with an engineered core board that resists warping and cupping.

Installation is a breeze with the patented Unifit click system. No longer do you need to use toxic glues to install your beautiful new floor. Simply roll out our approved underlay and install your new floor directly over the top.
